### About this Plan

This well-designed single-story home offers 1,908 square feet of comfortable, open-concept living. The main living area features a bright, spacious layout that connects the kitchen, dining, and living room, creating an ideal setting for gathering and everyday life. The kitchen includes a large island and walk-in pantry for excellent storage and prep space.

The private primary suite features a generous walk-in closet and a stylish bath. Two additional bedrooms sit on the opposite side of the home, along with a full bath and convenient powder room. A mudroom with bench seating and a dedicated laundry room add everyday functionality.

Enjoy easy indoor-outdoor flow from the main living space, perfect for relaxing and entertaining. A 3-car garage provides ample room for vehicles, storage, or hobbies. Designed for simplicity and comfort, this plan offers modern living with a smart, efficient layout.
